

HOW A VAN CAN BE MADE WHEELCHAIR ACCESSIBLE

Answering a common question: Can my van be converted to be wheelchair accessible?

- Is it large enough for a least one wheelchair?
- Can the frame handle the conversion safely and efficiently?
- Is it able to have a lift or ramp for ease of entering and exiting the vehicle?
- Is it one of the following recommended models: Ford Transit, Ram Promaster, Dodge Grand Caravan, or Chrysler Grand Caravan?
- It needs the interior stripped to be able to:
 - Lower the floor if a minivan
 - Install ramp or lift systems
 - Add insulation
 - Install AutoFloor for flexible seating arrangements in full size vans
 - Add electrical wiring for electric ramps/lifts
 - Install door systems
